Gurtler NDT Oxybleach - Product Sheet

Liquid Oxygen Bleach

Physical Description: A powerful dual stabilized liquid oxygen bleach specially formulated with surfactants, brighteners, heavy metal chelators, and soil suspending agents. The anti-soil components make this an excellent product for Continuous Batch Washer applications where soil suspension is paramount.

Properties: Appearance - Clear light yellow liquid

Odor - Negligible

pH (conc.) - 4.5

pH (1%) - 6.0

Specific Gravity - 1.045

Freeze Point - Less than -10°C (14°F)

Use Instructions: The NDT system is a convenient automated feed system of liquid laundry products. The use of NDT OXY-BLEACH is dependent upon the type of washer, load size within the washer, and the material to be laundered. Automatic setting(s) will be programmed by a gurtler Chemicals' technical sales representative. For NDT systems and/or regular laundry services (non-automated) the suggested use rates are:

Light to Medium Soil - 2 to 3 ounces per 100 pounds

Heavy Soil - 4 ounces per 100 pounds

Warning: NDT OXY-BLEACH is a strong oxidizer and may cause ulceration to the eyes and redness or blistering of the skin. Use safety precautions of gloves and goggles when handling.
