GURTLER INDUSTRIES, INC.

Sure Fire

Liquid Detergent

Sure Fire is an advanced liquid laundry detergent that has a synergistic blend of nonionic and anionic surfactants providing a superb cleaning action on synthetics and blends of cottons and polyester. **Sure Fire** is specially formulated with a blend of Alcohol Ethoxylates and other plant derived surfactants which facilitate improved oily soil release from a wide array of textiles. **Sure Fire** also contains a natural terpene solvent to aide in lifting oily soils and is especially effective on synthetic spun polyester napery. It is effective over a wide temperature range (90°F - 160°F) allowing for its effective use in both tunnel washers and washer/extractors. **Sure Fire** is suited to "mixed plants" and has proven effective in laundering Hospitality and F&B textile classifications. **Sure Fire** is free of polyphosphates yet effectively chelates water hardness.

Physical and Chemical Properties

Appearance:	Clear transparent liquid with light detergent odor
Specific Gravity:	1.037 typical / 8.63 lbs/gallon
Optical Brightener:	Present
pH:	8.0 @ 75°F; typical property
Temperature Range:	90°F to 160°F

Recommended Usage

The application of **Sure Fire** is dependent upon the type of washer, load size within the washer, soil level, and the material to be laundered. Your Gurtler technical sales representative will program automatic injection settings for your Gurtler VisTex liquid injection system.

Health and Safety

Sure Fire is an industrial detergent. Please read the Safety Data Sheet for complete safety precautions and proper handling instructions. Keep out of reach of children.
