Technical Product Bulletin

SHOT-SPOT

SHOT-SPOT is a highly versatile, all-purpose stain remover. Use this product as a pre-spotting agent for wet cleaning and an additive for cold washing to help with oil removal. It also works on various materials, including carpets, upholstered fabrics, and linens. SHOT-SPOT is odorless, ringless, and non-flammable.

Applications

SHOT-SPOT performs nicely on the following stains:

- Pet stains
- Blood
- Food stains
- Beverage stains
- Candle wax
- Makeup
- Chocolate
- Iodine
- Oil stains
- Most shoe polishes
- Crayons
- Grass stains
- Catsup/ketchup
- Many clay stains

Directions

Cold water oil removal: Add 4 ounces per 50 pounds of wash during the wash cycle. Wash as you would normally.

Carpets and fabric: Apply the product liberally to the stained area, thoroughly agitate, and blot with an absorbent terry cloth towel.

Upholstery: Apply liberally to a terry cloth towel. Rub the stain thoroughly in a circular motion using a cloth.

Handling

No special product handling is required. Use standard caution when handling any chemical product.

Packaging

SHOT-SPOT is available in 6x1-pint and 4x1-gallon cases, 5-, 15-, and 55-gallon containers.

Pariser Industries manufactures its products in conformance with ISO 9001 Standard requirements.
