

WETSPO®

Stain Remover for Paints, Oils, Greases, & Other Tough Stains

WETSPO® is one of the industry's most trusted stain removal products for a reason: **WETSPO's** advanced formula quickly and effectively tackles tough oil-based stains. **WETSPO's** concentrated penetrating power is fast and effective on:

- Heavy Oil & Grease
- Oil-Based Paints
- Tar
- Varnish
- Lacquer
- Lipstick, Mascara, & Other Cosmetics.
- Nail Polish
- Wax & Crayon Stains
- Shoe Polish
- Ball-Point Pens & Other Inks
- Correction Fluid
- Perspiration Odor & Rings
- Food, Cooking, Salad & Fish Oils
- Oxidized Oils & Leather Stains

WETSPO® can be used on the wet-side or dryside for the safe, effective, and fast removal of stains like paint.

WETSPO® is non-oil base which allows postspotting and touch-up without recleaning!

STAIN REMOVAL

Laidlaw WETSPO®

Use Instructions

For professional drycleaning, wetcleaning & laundry use only. Read Safety Data Sheet for further instructions, warnings, and first aid information before using this product. If colorfastness is questionable, test fabric in a hidden area.

Dry-Side Stain Removal:

- Apply **PURO™**, volatile dry spotter, to the stained area.
- If stain spreads, place a clean towel underneath the stain. Flush with **PURO** until bleeding stops. Remove towel.
- Apply **WETSPO**.
- Work gently with spatula or tamp with spotting brush until stain is completely loosened or removed. (If stain spreads, place a clean towel underneath the stain. Flush with **PURO**. Repeat steps 3 and 4 until bleeding stops).
- Flush thoroughly with **PURO**.
- Dry thoroughly using air from the spotting gun.
- Dryclean promptly.

Wet-Side Stain Removal:

- Flush area with steam or water.
- Apply **WETSPO**.
- Work gently with spatula or tamp with spotting brush until stain is completely loosened or removed.
- Flush with steam or water.
- Dry with air-gun and apply leveling agent like **Easy-Out™** before drycleaning.

Post Spotting:

Follow directions above but feather dry with air-gun.
