TECHNICAL DATA REPORT

TITLE Stamford 6740
SPOT-BUSTER

SPOT-BUSTER® is a versatile wet side spotting formula. SPOT-BUSTER effectively removes ground in soil, perspiration and other difficult stains.

SPOT-BUSTER can be used in laundry, wetcleaning and drycleaning. SPOT-BUSTER can be used liberally as a pre-spotter or a post-spotter. The active ingredients in SPOT-BUSTER help solubilize water in the drycleaning solvent.

PHYSICAL CHARACTERISTICS:

APPEARANCE: Water white liquid

ODOR: Pleasant, sweet

SOLUBILITY: Completely soluble in water

FLASH POINT: Non-flammable

DENSITY: 8.4 pounds per gallon

RECOMMENDED USES:

1. **Universal Spotter.** Mix one part SPOT-BUSTER with four parts water. Apply to stain by spray tank or spotting bottles, gently work into stain (if desired). Dry or level before drycleaning.

2. **Steam Spotter.** Mix one part SPOT-BUSTER with nine to twelve parts water.

3. **Heavy Soil Spotter.** Apply SPOT-BUSTER full strength, work stain gently with brush and dry or level before drycleaning.

4. **Laundry.** For pre-spotting **shirt collars and hems**, mix one part SPOT-BUSTER with 2 parts water. Spray or brush soiled area and wash in normal manner.
